

Specification

Maximum grindable surface	200 x 500mm
Distance between column and wheel axis	315mm
Maximum distance between table and wheel	200 mm
Rapid feed per turn of hand-wheel	2mm
Micrometric feed by small handle	0,01mm
Size of cup wheel Ø	Ø 200 x 80 x 78mm
Size of abrasive segments	50 x 20 x 90mm
Motor power of the wheel	(4 HP)-3 kW
R.P.M. of the wheel (50 Hz)	2840 rpm/min
Electro-pump motor power	(0,08 HP)-0,06 kW

Standard Equipment

Low tension electric system (24 V).
Electro-permanent magnetic chuck 480x195 mm.
Cooling system with electro-pump
Wheel-holder flange and grinding wheel
Grinding wheel guard. - Table guard. - Stakes key
Instruction book.
CE conformity certificate in respect to the Units
Directive 2006/42/CE Two colour painting RAL 5018-7032, bicomponent multicoat of paint
