

Specification

Max. grindable surface	140 x 300mm
Distance between column and wheel axis	300mm
Max. distance between table-level and wheel	280mm
Rapid feed per turn of handwheel	2mm
Micrometric feed by small handle	0,01 mm
Size of cup wheel	Ø 178 x 78 x 78mm
Size of abrasive segments	50 x 16 x 90mm
Motor power of the wheel	(3 HP)-2.2 kW
R.P.M. of the wheel (50 Hz)	2840rpm
Electropump motor power	(0,08 HP)-0,06kW
Mass of the machine	400kg

Standard Equipment

Low tension electric system (24 V)
Cooling system with electropump
Wheel-holder flange and grinding wheel
Grinding wheel guard. - Table guard. - Stakes key
Instruction book/testing certificate
CE conformity certificate in respect to the Units
Directive 89/392 and subsequent modifications
Two color painting RAL 5018-7032, bicomponent multicoat of paint
