

**Specification**

Power supply	400v / 28A / 50Hz (other on request)
Power	18kW
Steam production	30kg/hr, 188oC in the boiler, 12 bar pressure
Temperature at the nozzle	150oC
Water feeding	by water network
Water descaler	YES
Functions for grip handle	Steam / steam & detergent / steam & water
Detergent tank	5 litre
Indicator for lack of water	YES
Indicator for lack of detergent	YES
Adjustable quantity of detergent	YES
Maximum hose length	12m
Weight	230kg
Dimensions	400 x 1300 x 1600mm

**Machine equipped with**

Heavy duty professional saturated steam cleaning unit with 18kW generator

For industrial, food processing and cleaning including degreasing, sanitising and disinfecting

Preparation of surface treatments including phosphate coating and passivation

Adjustable detergent mixture

Stainless steel (AISI 304) body

2 x electronically controlled 9.0kW boilers

Three functions available from the grip handle :-

Steam / steam & detergent / steam & water

Low voltage circuitry for operator safety including 12 volt hand nozzle

Water descaler filter

Starts in less than 4 minutes

No water indicator

No detergent indicator

CE, PED, IPX 5 certifications

**Options include:**

Automatic boiler drain kit, additional chemical tank, water softener, hot water kit, customer PLC control kit
