Bar stop

Service tools

Instruction manual and spare parts

24 V low voltage installation with hold-to-run head control knob

Overall Dimensions: 1475mm x 1000mm x 1200mm

Macc New 350EDV saw is an Italian made industrial metal cutting circular saw with a max 350mm SHSS blade. Available in 2 speed ranges to suit the sawing application required. The EDV is a double vice machine that grips the work before and after the cut, reducing vibration and improving blade life.

Metal cutting circular saws are stocked in the UK and on a short delivery time. Semi automatic and fully automatic circular saws are normally available from Italy in @ 2-3 weeks depending on models.
