Specification

Table size / max grinding surface	1200 x 2000mm
	1600 x 2000mm
Max distance : centre spindle to table	1000mm
	Option 1200mm
Power cross feed approx.	3000mm/min
Auto cross feed increment	0.1mm to 35mm
Table speed	3 - 25m/min

Machine equipped with:-

Double column / portal type construction
Y & Z axes: driven by AC Servo motor with MPG
Y & Z axes: linear guide way & ballscrew construction
X axis: SVPV - Stepless Variable Proportional Valve hydraulic system with Turcite B
Auto downfeed - AD5 NC
Electro parallel dresser
Hydraulic oil air chiller
Spindle motor inverter - 20HP
