Specification	Perfect PFG-80400
Table size / maximum grinding surface	800 x 4000mm
	1000 x 4000mm
Max distance : centre spindle to table	800mm
	Option 1000mm
Power cross feed approx.	1500mm/min
Auto cross feed increment	0.0mm to 15mm
Table speed	3 - 25m/min

Perfect PFG-80400 cantilever surface grinder

Machine equipped with:-

Cantilever type construction
Ball screw for vertical
Linear guide way construction for vertical
MPG for vertical & AC servo motor
Longitudinal hydraulic
X axis : SVPV Stepless Variable Proportional Valve hydraulic system with Turcite B
Cross feed by solid state relay
Auto down feed - AD5 NC
Automatic crossing storke adjustment by control panel
Criss cross grinding cycle
