

### **Specification**

	Double Column Type Surface Grinders
Table size / max grinding surface	1200 x 3000mm 1600 x 3000mm
Max distance: centre spindle to table	1000mm Option 1200mm
Power cross feed approx.	3000mm/min
Auto cross feed increment	0.1mm to 35mm
Table speed	3 - 25m/min

### Double Column Type Surface Grinders

#### **Machine equipped with:-**

Double column / portal type construction

Y & Z axis : driven by AC servo motor with MPG

Y & Z axis : linear guide way & ballscrew construction

Z axis : SVPV - Stepless Variabel Proportional Valve hydraulic system with Turcite B

Auto down feed - AD5 NC

Electro parallel dresser

Hydraulic oil air chiller

Spindle motor inverter - 20 HP
