

Specification

Table size / max grinding surface	1200 x 4000mm 1600 x 4000mm
Max distance : centre spindle to table	900mm Option: 1100mm
Power cross feed approx.	3000mm/min
Auto cross feed increment	0.1mm to 35mm
Table speed	3 - 25m/min

Machine equipped with

Double Column / Portal type construction
Y & Z axis : driven by AC Servo motor with MPG
Y & Z axis : linear guide way & ballscrew construction
Z axis : SVPV - Stepless Variable Proportional Valve hydraulic system with Turcite B
Auto downfeed - AD5 NC
Electro parallel dresser
Hydraulic oil air chiller
Spindle motor inverter - 20HP
